# Frequently Asked Questions: Terrace Ballroom Events

## **PLANNING QUESTIONS - TERRACE ROOM RENTALS**

### **Q: If I'm providing my own decorations, am I allowed to set them up the day before?**

You will have access to your contracted event space during your contracted timeframe. We may be hosting another event the day before your event is scheduled, so we are not able to allow clients to set up the day before or store any event decorations/ items on the property before your event date. We will not be able to open the venue early for you to set up, so please plan accordingly to allow time for the event setup before the guests arrival time and we require you have any and all items you brought with you off the property by your contracted event end time.

### **Q: When are my vendors allowed to arrive, setup, and make deliveries?**

We will help in coordinating with your vendors (florist, bakery, entertainment, etc.) to schedule their deliveries, setup and teardown. Most vendors do not require setting up a day in advance and if they need an earlier arrival time than your rental time, we will work with them to the best of our ability to accommodate their needs.

### **Q: How will the tables and chairs be arranged for my event?**

Once you have a good idea of your guaranteed guest count, we will put together a suggested room layout, but are happy to make adjustments based on your needs as long as they don't go against our venue policies.

### **Q: Does the venue provide linens, silverware, plates, and glassware?**

**Dinnerware:** Mount Pleasant does not provide dinnerware, and does not provide dinnerware rentals. Your our chosen caterer will provide you with information on what is included in their catering packages, which typically include the option of using China plates and stainless flatware.

**Glassware (Water Goblets):** We do not offer glass water goblets or tableside water service. If you would like water service during your event, your chosen caterer can usually provide it for an additional fee. This service generally includes a prefilled water goblet at each place setting, which is arranged before dinner service.

**Glassware (Wine Glasses):** Mount Pleasant can provide real wine glasses for serving wine from the bar, but additional fees will apply. If you need additional glassware, such as cocktail or rocks glasses, you can rent them through one of our event rental partners for an extra charge. However, if your event will have dancing, we recommend using plastic glasses for events since they are a safer option. A broken glass may require a lengthy clean-up process, which can cut into your dance time, and more importantly, the possibility of injury.

### **Q: Do I have an onsite Event Coordinator?**

You will have a venue coordinator that will typically communicate with you a few times before the event date to confirm all venue related details, including: Final guests count, room layout, final menu selections and additional details regarding food and beverage orders that are being supplied by the venue.

The venue coordinator ensures the venue is in tip-top shape before your event and will be onsite the day of your event overseeing all venue related tasks. They will reach out to your vendors before the event (with the contact information you provide to us) to coordinate their arrival and departure, and will manage load-in, set-up locations, and load-out. They will make sure the event space is set up according to the agreed upon arrangement, and will place table linens if provided by the venue. The venue coordinator does not set up or clean up any decorations or event items not provided by the venue.

**IMPORTANT:** We ask that you please communicate with your event sales representative and venue coordinator by email so that we are able to keep a record of all communication to ensure we do not miss any important details of your event. If you would like to set up a time to speak with us, we are happy to schedule a phone call at a time that works for both parties. Please DO NOT text us with questions or event details. If you do text, we will typically respond to your text during regular business hours, and will respond by email, so please check your email for a response.
